Authorization for this examiner's amendment was given in a telephone interview with Bruce Troxell on January 18, 2006. The application has been amended as follows:

Claim 1 has been amended to end with a period instead of a comma.

In the specification page 5, line 22 has been amended to read: --46, an outlet of a signal connector 47 and a power socket 48.—

Allowable Subject Matter

1. Claim 1-20 allowed.
2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Examiner cites the following references as pertinent to the disclosure due to their relevance with this application.
